o o o o o Lovin'cup Bistro and Brews is about dreams. o o o o o

We opened our doors in 2008 with an emphasis on community. It was our dream to build a place that celebrated the good things in life: Delicious, uncomplicated food choices, with a wide range of flavors to appease every palate. A rotating 16 nozzle draft selection that is sure to please. A solid selection of over fifty bottled beers, to change with your mood. An ever-changing collection of local, national, and international wines, that we are very proud of. Thoughtful signature cocktails that any mixologist would be proud of. A comfortable environment, that celebrates diversity. A deliberate attention to detail when it comes to the vibe: handcrafted tables, rotating local art, ambient lighting, and most prominently our beautiful wine rack. A crew of people who not only take care of your needs, but get to know you. A wide-range of events and music every night of the week! Our biggest driving force? We truly take pride in our conscious understanding of what a community-driven environment is.

Lovin'cup is a family business. There are six owners, each of whom, bring a different set of talents to the table: Erik Ward, Leslie Zinck Ward, Clay Carpenter, Bob Zinck, John Nichols and Ric Carley. However, that is only the start of a cohesive family of staff who work to create an experience for you each and every time you walk through our doors.

Lovin'cup can mean different things to different people: It could be your favorite lunch spot. It could be your favorite spot to see original live music on any given night. It may be a place where you feel like you can be yourself. Or a spot where you finally unveil the talent that no one ever knew you had. Could it be your favorite place to see what IPA's are on draft? Or just a place to grab a panini and a glass of wine. Lovin'cup is something different to everyone. We want every experience to be unique and personal to what each person is looking for.

o o o o o Ultimately, we want our dream to be the beginning of yours. o o o o o
